Links from:

Table Name	Column Name	Data Type	Description
address	address_id	integer	Unique identifier for the address
	address	character varying	Street address
	address2	character varying	Additional address information
	district	character varying	District or region of the address
	city_id	smallint	Unique identifier for the city
	postal_code	character varying	Postal or ZIP code
	phone	character varying	Phone number
	last_update	timestamp without time zone	Timestamp of the last update to the record

Links to: city

Links from: store, staff, customer

Table Name	Column Name	Data Type	Description
category	category_id	integer	Unique identifier for the category
	name	character varying	Name of the category
	last_update	timestamp without time zone	Timestamp of the last update to the record

Links to: none

Links from: film_category

Table Name	Column Name	Data Type	Description
city	city_id	integer	Unique identifier for the city
	city	character varying	Name of the city
	country_id	smallint	Unique identifier for the country
	last_update	timestamp without time zone	Timestamp of the last update to the record

Links to: country

Links from: address

Table Name	Column Name	Data Type	Description
country	country_id	integer	Unique identifier for the country
	country	character varying	Name of the country
	last_update	timestamp without time zone	Timestamp of the last update to the record

Links to: none

Links from: city

Table Name	Column Name	Data Type	Description
customer	customer_id	integer	Unique identifier for the customer
	store_id	smallint	Identification number of the store
	first_name	character varying	First name of the individual
	last_name	character varying	Last name of the individual
	email	character varying	Email address
	address_id	smallint	ID of the related address
	activebool	boolean	Indicates if the customer is active

	create_date	date	Date the customer account was created
	last_update	timestamp without time zone	Timestamp of the last update to the record
	active	integer	Indicates if the customer is active

Links to: address

Links from: rental, payment

Table Name	Column Name	Data Type	Description
customer_list	id	integer	ID of costumer
	name	text	Name of costumer
	address	character varying	Address of costumer
	zip code	character varying	ZIP Code of costumer
	phone	character varying	Phone of costumer
	city	character varying	City of costumer
	country	character varying	Country of costumer
	notes	text	Notes to the profile of costumer
	sid	smallint	Customer ID (unique identifier for each customer) - key

Links to:

Links from:

Table Name	Column Name	Data Type	Description
film	film_id	integer	Unique identifier for the film
	title	character varying	Title of the film
	description	text	Description of the film
	release_year	integer	Year the film was released
	language_id	smallint	Unique identifier for the language
	rental_duration	smallint	Duration (in days) the film can be rented
	rental_rate	numeric	Cost to rent the film
	length	smallint	Length of the film in minutes
	replacement_cost	numeric	Cost to replace the film
	rating	USER-DEFINED	Film rating
	last_update	timestamp without time zone	Timestamp of the last update to the record
	special_features	ARRAY	List of special features included

	fulltext	tsvector	Full text search vector (PostgreSQL)
--	----------	----------	--------------------------------------

Links to: language
 Links from: film_actor, inventory, film_inventory

Table Name	Column Name	Data Type	Description
film_actor	actor_id	smallint	Unique identifier for the actor
	film_id	smallint	Unique identifier for the film
	last_update	timestamp without time zone	Timestamp of the last update to the record

Links to: actor, film, film_category
 Links from: none

Table Name	Column Name	Data Type	Description
film_category	film_id	smallint	Unique identifier for the film
	category_id	smallint	Unique identifier for the category
	last_update	timestamp without time zone	Timestamp of the last update to the record

Links to: film, category
 Links from: none

Table Name	Column Name	Data Type	Description
film_list	fid	integer	film ID (unique identifier for each film) - key
	title	character varying	Movie title
	description	text	Description of movie
	category	character varying	Category of movie
	price	numeric	Price of movie
	length	smallint	Length, in minutes, of movie
	rating	USER-DEFINED	Rating of movie, defined by costumer
	actors	text	Description of actors present in movie

Links to:
 Links from:

Table Name	Column Name	Data Type	Description
inventory	inventory_id	integer	Unique identifier for the inventory item
	film_id	smallint	Unique identifier for the film
	store_id	smallint	ID of the store
	last_update	timestamp without time zone	Timestamp of the last update to the record

Links to: film
Links from: rental

Table Name	Column Name	Data Type	Description
language	language_id	integer	Unique identifier for the language
	name	character	Language name
	last_update	timestamp without time zone	Timestamp of the last update to the record

Links to: none
Links from: film

Table Name	Column Name	Data Type	Description
nicer_but_slower_film_list	fid	integer	film ID (unique identifier for each film) - key
	title	character varying	Title of movie
	description	text	Description of movie
	category	character varying	Category of movie
	price	numeric	Price of movie
	length	smallint	Length, in minutes, of movie
	rating	USER-DEFINED	Rating of movie, defined by costumer
	actors	text	Description of actors present in movie
